Wythenshawe Hospital Transplant Fund

Chairman's statement

Year ended 31 March 2016

It is pleasing to report that our income from fundraising events exceeded £57,000 this year, reflecting the significant efforts of those who have organised and run fundraising events on behalf of the charity. Such events included Parachute Jumps, Runs, Walks, Art Exhibitions, Boxing Matches, Dance Shows, Balls and Cake Sales to name but a few

We have recently upgraded our website and both changed the format and increased the size of our bi-annual newsletter. Both these changes have resulted in better awareness of our activities generally.

We have also launched a 200 Club as a fundraiser to get supporters involved. Members pay £2 per month and 40% of the monthly membership fees is paid out in prizes each month. It is very encouraging that to date we have 175 members.

We continue to be greatly indebted to the generosity of many friends and supporters who do much for the charity.

During the year the trustees have authorised expenditure on a number of major projects, including:

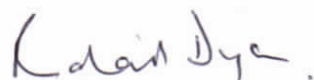

- £125,000 to purchase five perfusion kits for use in a recently developed innovative organ care system which can perform DCD (Donation after Circulatory Death) transplants. This purchase should enable the Transplant Centre to carry out 10%-20% more heart transplants per annum and should help in bringing down the waiting list, particularly for non urgent cases.
- £55,000 to acquire new Electrophysiology equipment. This allows the unit to carry out organ biopsies in house without calling on other departments in the Hospital. The old machine was becoming very unreliable and often breaking down
- £80,000 to meet the cost of the refurbishment of the bungalows, which were built in 1991 using funding from New Start and were looking rather "tired" and in need of refurbishment. The bungalows are a useful facility which is used both by recipients and their relatives.
- £70,000 to fund continued research at the Transplant Laboratory into the impact of changing to a Mediterranean diet and to fund six research students.

We have also continued to contribute to the costs of recipients who participate in the Transplant Games and to provide support to other recipients to meet any emergency financial crisis that they may suffer due to their condition pre or Post Transplant

Our commitments at the year end of £83,000 include funding for additional equipment and the development of a detailed protocol to enable patients to follow healthy eating and lifestyle advice following transplantation

The charity's office is well managed by Lynda Ellis, who has demonstrated very effectively her considerable experience in fundraising and volunteer co-ordination, and we are very grateful to her for all her work with patients and supporters.

My fellow trustees willingly give their time for the charity's benefit and I thank them for their continued efforts. Our efforts will continue to ensure that the Transplant Centre is equipped with the latest technology to ensure that Wythenshawe remains at the forefront of excellence for the treatment of cardiac and lung disease.

Richard Dyson
Chairman
7 September 2016

Wythenshawe Hospital Transplant Fund

Trustees' annual report

Year ended 31 March 2016

The Trustees, who are also directors for the purposes of company law, have pleasure in presenting their report and the financial statements of the charity for the year ended 31 March 2016.

The Trustees

The Trustees who served the company during the period were as follows:

Dr M Al-aloul
R G Dyson (chairman)
N Eadie
P J Nichols
W Noble
Mrs B E Quick
M J Seal
N Yonan

Structure, governance and management

Wythenshawe Hospital Transplant Fund is a company limited by guarantee but not having a share capital and is registered as a charity under the Charities Act 1993.

Under paragraph 6 of the company's Memorandum, every Trustee undertakes to contribute to the assets of the company in the event of it being wound up while he or she is a member, or within one year after they cease to be a member and of the costs, charges and expenses of winding up, and for the adjustment of the rights of contributors among themselves, such amount as may be required, not exceeding £1 per member.

Organisation

The charity is controlled by a Board of Trustees which elects a Chairman and Company Secretary. The operations of the charity are set by the Chairman to whom the full time administrator of the charity reports. Additional assistance is provided by unpaid supporters and the Trustees.

All significant decisions regarding the charity are taken or confirmed at Trustees' meetings.

Appointment of Trustees

No person may be appointed as a Trustee unless approved by all the Trustees. At every general meeting one third of the Trustees retire by rotation being decided by the length of time in office. Subject to the above, University Hospital South Manchester NHS Foundation Trust may appoint a Trustee. Trustees must be aged 18 years or above and not disqualified by reason of Article 10.1 of the charity's Articles of Association.

None of the Trustees have any interest in the charity. Trustees are appointed under the provision of Articles 31 to 33 of the charity's Articles of Association.

Trustee induction and training

All new Trustees receive a formal briefing from the Chairman of their duties and responsibilities and receive various booklets from the Charity Commission and Companies House. They are also encouraged to keep themselves abreast of current and proposed developments in charity regulation through access to the Charity Commission website and other relevant sources of information.

Related parties

The charity is stand-alone organisation with no subsidiaries.

Wythenshawe Hospital Transplant Fund

Trustees' annual report *(continued)*

Year ended 31 March 2016

Objectives and activities for the public benefit

In setting our objectives and planning our activities, the Trustees have given careful consideration to the Charity Commission's general guidance on public benefit.

As determined by the charity's Memorandum and Articles of Association, the principal activity of the charity is to support the programme of heart and lung transplantation at Wythenshawe Hospital, Manchester, serving the North West of England. Whilst the NHS provides substantial funds for the transplant centre there is always a demand for state of the art equipment or money to support pioneering treatments and research which the NHS is unwilling to fund. The charity plays a vital role by providing funds to accelerate the adoption of new procedures and by funding research which advances the technology surrounding transplantation, thus enabling the Wythenshawe Transplant Centre to remain at the forefront of excellence for the treatment of cardiac and lung disease.

The charity is in regular contact with Wythenshawe Hospital and receives funding requests from the hospital. The Trustees determine whether to meet these requests for funding. The charity does not enter into contractual relationships with suppliers of equipment and services. It only provides the agreed funding.

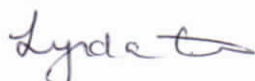

Investment policy and investment returns

The Trustees are empowered to invest and deal with the monies of the charity not immediately required in such a manner as the charity may from time to time determine subject to such conditions and consents imposed or required by law. Surplus funds are placed on deposit either with the charity's bankers or with W H Ireland Ltd or invested in UK Government Stocks, corporate bond funds and unit trusts. Investment returns are governed by the prevailing interest rates and dividend payments.

Small company provisions

This report has been prepared in accordance with the special provisions for small companies under Part 15 of the Companies Act 2006.

Signed on behalf of the Trustees

L C Ellis
Company Secretary
7 September 2016

Wythenshawe Hospital Transplant Fund

Strategic report

Year ended 31 March 2016

Achievements and performance

Voluntary donations, legacies and other trading activities raised a total of £131,307 (2015: £515,448, which figure included a number of exceptional legacies) and investment income on our investments and cash and realised profits on our investments generated a further £26,568, (2015: £20,494). This allowed the Trustees to continue the charity's support for most of the requests submitted to the charity. During the year the charity has donated £342,556 (2015: £142,046) to fund the purchase of a number of items of equipment for use in the Wythenshawe Transplant Centre, for continuing research, primarily into the impact of changing to a Mediterranean diet, for refurbishing the bungalows used by relations of recipients and to contribute to the costs of recipients who participate in the Transplant Games. The total outstanding committed expenditure on these and other projects at the end of the year was £83,000 (2015: £235,000).

The Trustees' policy is to approve all major grants prior to commitment of funds. Minor funding of up to £5,000 may be approved by the Chairman.

Financial review

The results for the year and their impact on the charity's funds are set out in detail in the statement of financial activities on page 8. Total net expenditure for the year was £261,959 (2015: net income £375,236) and the year end net assets amounted to £1,491,331 (2015: £1,753,290), including £1,495,586 (2015: £1,677,593) in cash at the bank or invested in UK Government Stocks, corporate bond funds and Open Ended Investment Companies.

Risk management

The Trustees continue to review the charity's activities to identify the major risks to which it is exposed and the systems established to mitigate risks are periodically reviewed to ensure that they are operating effectively and still meet the needs of the charity. The last such review took place on 16 June 2016.

The principal risks and uncertainties identified through this review were the volatility of investments held by the charity and the continued ability to raise voluntary income. The steps taken by the Trustees to mitigate these risks as far as practicable are to maintain a diversified portfolio of investments and to monitor both investment performance and the level of voluntary income received at each Board meeting.

Plans for future periods

It is the intention of the Trustees to continue to support funding raising activities to raise funds to accelerate the adoption of new procedures and to fund research which advances the technology surrounding transplantation.

Reserves policy

The charity's reserves are represented by its investments and cash balances. The Trustees have reviewed the charity's requirements for unrestricted reserves in the light of the main risks to the organisation. In the opinion of the Trustees, sufficient unrestricted reserves are required to meet one year's operating costs in the event of a significant drop in incoming resources and £50,000 is considered to be adequate for this purpose. The balance of the unrestricted reserves is available to be used to fund projects in accordance with the charity's objects.

Signed on behalf of the Trustees

L C Ellis
Company Secretary
7 September 2016

Wythenshawe Hospital Transplant Fund

Responsibilities of the Trustees

Year ended 31 March 2016

The Trustees (who are also the directors of Wythenshawe Hospital Transplant Fund for the purposes of company law) are responsible for preparing the Trustees' annual report, the Chairman's statement and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Statement of Recommended Practice: Accounting and Reporting by Charities;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in operation,

The Trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. The Trustees are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Wythenshawe Hospital Transplant Fund

Independent Examiner's Report to the Trustees of Wythenshawe Hospital Transplant Fund

I report on the accounts of the Company for the year ended 31 March 2016 which are set out on pages 8 to 15.

Respective responsibilities of the Trustees and the examiner

The Trustees who are also the directors of the Company for the purposes of company law are responsible for the preparation of the accounts. The Trustees consider that an audit is not required for this year under section 144(2) of the Charities Act 2011 (the 2011 Act) and that an independent examination is needed.

Having satisfied myself that the charity is not subject to an audit under company law and is eligible for independent examination, it is my responsibility to:

- examine the accounts under section 145 of the 2011 Act;
- to follow the procedures laid down in the General Directions given by the Charity Commission (under section 145(5)(b) of the 2011 Act); and
- to state whether particular matters have come to my attention.

Basis of independent examiner's report

My examination was carried out in accordance with the General Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the Charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit and no opinion is given as to whether the accounts present a "true and fair view" and the report is limited to those matters set out in the statement below.

Independent examiner's statement

In connection with my examination, no matter has come to my attention:-

- (1) which gives me reasonable cause to believe that in any material respect the requirements
 - to keep accounting records in accordance with section 386 of the Companies Act 2006; and
 - to prepare accounts which accord with the accounting records and comply with the accounting requirements of section 396 of the Companies Act 2006 and with the methods and principles of the Statement of Recommended Practice: Accounting and Reporting by Charities.have not been met; or
- (2) to which, in my opinion attention should be drawn in order to enable a proper understanding of the accounts to be reached.

The Directors are satisfied that the Company is entitled to exemption from the provisions of the Companies Act 2006 (the Act) relating to the audit of the financial statements for the period by virtue of section 477, and that no member or members have requested an audit pursuant to section 476 of the Act.

The Directors acknowledge their responsibilities for:

- ensuring that the Company keeps adequate accounting records which comply with section 386 of the Act, and
- preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of the financial period and of its profit or loss for the financial period in accordance with the requirements of section 393, and which otherwise comply with the requirements of the Act relating to financial statements, so far as applicable to the company.

These financial statements have been prepared in accordance with the special provisions for small companies under part 15 of the Companies Act 2006

These financial statements were approved by the Trustees on 7 September 2016 and are signed on their behalf by:

Richard Dyson
Chairman

Company registration number: 2977135

The notes on pages 10 to 15 form part of these financial statements.

Wythenshawe Hospital Transplant Fund

Notes to the financial statements

Year ended 31 March 2016

1. Accounting policies

Basis of accounting

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of certain current assets, and in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) – (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

Transition to FRS 102

The Charity transitioned to FRS 102 as at 1 April 2014. The Trustees considered whether, in applying the accounting policies required by FRS 102 and the Charities SORP FRS 102, the restatement of comparative figures was required. No restatements on transition were considered to be necessary.

Cash flow statement

The Trustees have taken advantage of the exemption in Financial Reporting Standard No 1 (revised) from including a cash flow statement in the financial statements on the grounds that the company is small.

Going concern

The Trustees have, at the time of approving the financial statements, a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus, the Trustees continue to adopt the going concern basis of accounting in preparation of the financial statements.

Fund accounting

Unrestricted funds are funds which are available for use at the discretion of the Trustees in furtherance of the general objectives of the charity. Restricted funds are funds that are to be used in accordance with specific restrictions imposed by donors which have been raised by the charity for a particular purpose. The aim and use of each restricted fund is set out in note 17 to the financial statements.

Income

Voluntary income, including donations, gifts and legacies, is recognised as receivable when the charity has entitlement to the funds, any performance conditions attached to the item(s) of income have been met, it is probable that the income will be received and the amount can be measured reliably. Interest on deposits is recognised on an accruals basis.

Expenditure

All expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be recovered and is reported as part of the expenditure to which it relates. Charitable activities include all costs incurred by the charity in the delivery of its activities and services for its beneficiaries. Such costs include both the costs that can be allocated directly to such activities and those costs necessary to support them.

Fixed assets

All fixed assets are initially recorded at cost.

The notes on pages 10 to 15 form part of these financial statements.

Wythenshawe Hospital Transplant Fund

Notes to the financial statements

Year ended 31 March 2016

1. Accounting policies (continued)

Depreciation

Depreciation of office equipment is calculated on a reducing balance basis at 20% per annum.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Investments

Investments, which include Open Ended Investment Companies authorised in the UK and corporate bond funds, are stated at the closing prices at the balance sheet date. The Statement of Financial Activities includes the net gains and losses arising on revaluation and disposals throughout the year.
